Structure

Come when you like, leave when you like.

One tab – find out what your drink and food costs and pay in cash, plus generous tip.

We will also collect a few dollars extra each week and make ***donations to small local charities***.

To date we have made donations to:

[Laces of Love](#), a non-profit which provides new shoes (usually sneakers) to low-income and disadvantaged children in Collier and Lee Counties.

[Charity for Change](#), which seeks “to empower Pre-K through 5th-grade children to achieve their full potential through character education, active charitable and community involvement, academics, and parental and community engagement.”

[Feed Thy Neighbor](#) prepares and delivers an average of 300 nutritious meals each day, serving individuals in both Collier and Lee Counties. As of the fourth quarter of 2024, the organization has expanded its mission to include distributing clothing, blankets, and other essential personal items to those in need.

“Rules”
